

Hole for Die

4.25 x 11

Document Size - 4.5 x 11.25

full bleed →
cut line →
safety →

To print to the edge after final cutting, (FULL BLEED)
you must extend your image area at least thru the **CYAN** box.
Any text or imagery will be cut off of the final piece if inside the **CYAN** box.

Keep ALL text within **MAGENTA** border to insure your text will not be trimmed

Please make sure all imagery and/or text is at least 300 dpi
for best results keep as close to 600 dpi as possible.

You MUST remove this layer or it will be printed!
